

Upward Scholarship Application

Upward Sports' mission statement is *"Promoting the discovery of Jesus through sports."* We share one of their core values "The Priority of Children." We believe that in all things we are called to **Play With Purpose** – to strive for excellence both on and off the field of athletic competition, and to glorify Christ in everything that we do.

With that value in mind, combined with the effort to help reach more children in our community for Christ, we have allocated money to an "Upward Scholarship" fund. The purpose of this scholarship fund is to help families who demonstrate a need for temporary financial assistance in order to participate in the Upward Sports program at Grace Church.

The rewarding of an "Upward Scholarship" is determined through submission of this application. Once your application is received, please allow two weeks for the Upward League Director to provide an answer regarding your requests (see submission instructions below).
